The Connect Shuttle service also operates from the Domestic Terminals and costs from \$15 pp (one way) into the city. Taxis are also available 24 hours a day from the Domestic Terminals.

### **International Terminal**

#### Option 1:

Taxis are available 24 hours a day at the International Terminal. The taxi pick-up area is located at the eastern end of the terminal, just to the left of the Arrivals area once outside the main doors.

#### Option 2:

Perth Airport provides the Connect Bus Shuttle Service which is available for passengers wishing to transfer into the city and some metro locations. Please click on the following link for timetables and contact information:

The service does have a counter located at the International Terminal, however, this counter is not manned at all times, therefore pre-booking is recommended. Prices start from \$18 pp (one-way) for transfers into the city.

#### Option 3:

Unfortunately there are no Transperth services operating from the International Terminal, however, a service does operate from the Domestic Terminals. If any delegates would like to use this service they must catch the Connect Bus to the Domestic Terminals (\$8 pp) which will drop them at the front of the terminals where they just need to locate the bus stop and wait for the number 37 Transperth Bus which travels into Perth city.
